

STOIC STOP x ONE CLEAR CHOICE

THE 21-DAY STOIC RESET

A simple daily protocol to rebuild your habits, body and mind.
No app. No cost. Twenty minutes a day, for three weeks.

HOW IT WORKS

Three anchors a day: morning, midday, evening. Three weekly themes: Attention, Control, Character. Miss a day? Do not restart - continue.

"You could leave life right now. Let that determine what you do and say and think." - Marcus Aurelius

THE DAILY PROTOCOL

ANCHOR	WHAT TO DO
MORNING **10 min**	Wake at the same time. Make the bed before touching your phone. Read one stoic line. Write three lines: what is in my control today? Set ONE clear choice for the day and write it where you will see it.
MIDDAY **5 min**	No phone the first hour after waking, and none at meals. Walk 10 minutes outside, no headphones. Let your mind finish its thoughts. Irritated? Ask: is this in my control? If not, release it.
EVENING **5 min**	Review the day in writing: what did I do well? Where did I react instead of choose? Mark the day on the tracker (next page). Phone off, or in another room, one hour before sleep.
THE BODY **daily**	Move 20 minutes: walk, train, stretch - your level, your choice. Eat one meal a day slowly, with no screen. Sleep is training: same bedtime, dark room, no revenge scrolling.

Total: about 20 minutes a day. The protocol is small on purpose - small enough that you have no honest excuse to skip it.

THE 21-DAY TRACKER

Complete all three anchors, then tick the day. Three weeks, three themes.
The chain matters more than any single day - protect the chain.

WEEK 1 - ATTENTION
Defend the first hour. Phone last, not first.

DAY 1	DAY 2	DAY 3	DAY 4	DAY 5	DAY 6	DAY 7
☐	☐	☐	☐	☐	☐	☐

WEEK 2 - CONTROL
Sort every problem: mine to act on, or not mine at all.

DAY 8	DAY 9	DAY 10	DAY 11	DAY 12	DAY 13	DAY 14
☐	☐	☐	☐	☐	☐	☐

WEEK 3 - CHARACTER
Act like the person you wrote down on day one.

DAY 15	DAY 16	DAY 17	DAY 18	DAY 19	DAY 20	DAY 21
☐	☐	☐	☐	☐	☐	☐

Missed a day? Leave the box empty and continue the next morning.
Two empty boxes in a row means the level is too hard - make it smaller, not zero.

THE FIVE RULES

1	One clear choice a day beats ten vague intentions.
2	Control is a sorting problem: yours to act on, or not yours at all.
3	Never let a bad hour rent the whole day.
4	What you repeat in private is who you become in public.
5	The obstacle is not in the way. The obstacle is the way.

When you finish day 21, run it again at a harder level: earlier wake time, longer walks, stricter phone rules. The reset is a floor, not a ceiling.
